Welcome to the Wild Sheep Foundation's 2026 Ram Awards!

As the Chairman for 2026 WSF Ram Awards I would like to take this time to welcome everyone here today. Without the help of the North American Ram Awards Committee and International Ram Awards Committee these awards would not be possible. Special thanks to Julie Tripp our Awards and Publications Director for her many hours devoted to making this a great event. This is our 48th year in presenting awards to people young and old that have been bitten by the sheep bug.

WSF is giving back to our members as a token of appreciation and to honor each outstanding trophy taken whether it's your first North American ram, International ram or Capra animal. The endless hours in deciding where to hunt, the preparation, the travel arrangements, the physical efforts, and monies spent to accomplish a dream hunt of a lifetime.

We recognize the sheep and goats of the world, which are the Mountain Monarchs, and the five categories of the North American rams along with the Rocky Mountain goats of North America. For those who have collected and achieved four North American Wild Sheep the Stone's, Dall's, Rocky Mountain, and desert sheep, they will be recognized with the highest award their FNAWS.

The awards given out today symbolize the dedication, the respect, conservation of wild sheep management and restoration projects throughout the world. Your attendance here today is greatly appreciated, and I personally would like to congratulate all recipients that have entered their animals in the Ram Awards.

F.N.A.W.S.

Four North American Wild Sheep

The F.N.A.W.S. recognizes those members who have harvested the four North American Wild Sheep. Completion of a F.N.A.W.S. is one of the most sought after accomplishments for North American sheep hunters and a F.N.A.W.S. is highly respected throughout the hunting community.

The four North American sheep are:

1. Dall's Sheep
2. Stone's Sheep (or Fannin)
3. Rocky Mountain Bighorn (or California Bighorn)
4. Desert Bighorn

To qualify for a F.N.A.W.S. a member must have legally and ethically harvested all four sheep in a free-range environment. Each sheep harvested must be recorded with WSF using the Hunt Report Form and submitted with a field photograph.

Recipients will be recognized alphabetically by last name.

NORTH AMERICAN RAM AWARDS

The Ram Awards recognize outstanding North American sheep harvested by WSF members in the previous two years. Rocky Mountain goats are also part of our North American awards. They were previously recognized in our International Mountain Monarch Awards.

Two types of awards are presented; Firearm (pistol, rifle, muzzleloader, or shotgun) and Archery. To qualify for Firearm, rams must meet or exceed the minimum Boone and Crockett (B&C) Awards Book score. To qualify for Archery, rams must meet or exceed the minimum Pope and Young (P&Y) score.

Gold, Silver, and Bronze awards will be given for each sheep/goat in both the Rifle and Archery categories. Trophies submitted that meet the minimum score, but are not in the top three will receive Honorable Mention.

Only trophies that have been scored by an official B&C or P&Y measurer after the 60-day drying period will be considered. Score charts need to be fully completed and signed by the hunter and official measurer.

THANK YOU FOR ATTENDING

The Wild Sheep Foundation's 2026 Ram Awards Luncheon!

EXCELLENCE, DEDICATION, AND COMMITMENT DESERVE TO BE RECOGNIZED.

The Wild Sheep Foundation gives various recognition awards annually. Due to the tremendous participation we receive from our members, the prestige and popularity of these awards continue to grow each year.

WSF's Hunting Awards honor the game animals we hunt while recognizing members' accomplishments in harvesting North American sheep with rifles or bows under Fair Chase conditions, as well as outstanding international mountain trophies. Our FNAWS recognizes those members who have harvested the Four North American Wild Sheep. Completion of a FNAWS is one of the most sought-after and respected accomplishments among North American sheep hunters.

Be sure to keep your accomplishments afield up to date in your member account! We monitor your Hunt Report submissions for potential awards and track your One More for Four eligibility and FNAWS as well. Scan the QR codes for more information including the most up-to-date awards criteria and direct access to the on-line Hunt Report form.
