Check out &
depart in the
morning.

SCAN FOR MORE INFO

Our instructors and industry professionals utilize both the classroom & range facilities to teach you:

- Gun safety & basic to skilled marksmanship
- Shooting basics, such as position & shot placement
- How to safely handle & shoot a rifle out to 500 yards
- Field craft, locating food sources, water, bedding areas, trailing & where to hunt your game
- What it's like to supply your own meat from a sustainable, 'clean' resource
- Field dressing, necropsy, skinning/caping
- Quartering, deboning & properly cutting meat
- Game laws & the importance of hunting for conservation
- How to cook wild game properly & what to do with it
- How to process your food & how to preserve it for future use

We recommend bringing your chosen rifle & 160 rounds of ammunition. We also have rifles available for rent (ammo is available for purchase). You can purchase a Texas hunting license & earn your hunter safety certificate onsite.
