

Laura Houser, CO

My name is Laura Houser. I am retired and live in Colorado. I was raised in Illinois and attended school at the University of Illinois. I moved to Colorado in 1980 and I have two sons. Both grew up hiking fourteeners, skiing, and camping. Colorado is such a wonderful state, with so many opportunities to be active. I am a cancer survivor. That experience has made me realize how important it is to exercise, and live each day to the fullest. I'm thankful for the chance to live, learn and continue to expand on my experiences. It has helped make me passionate about time spent outdoors enjoying the wildlife, hunting, and enjoying nature. My husband taught me how to upland bird hunt several years ago. I have become an avid bird hunter. I look forward to each fall when it's time to get the dogs out and walk a field, hunting pheasant and quail.

The Women Hunt™ Program has given me the opportunity to build on my bird hunting skills and learn more about big game hunting. I'm excited to meet women that are like minded. I have several new forever friends! I plan to build on my hunting skills, expand my knowledge on conservation, and get women involved in this great outdoor sport!
